

Fall 2020

RUNAMUCK & SHINE

Social Learning & Skill Building Program

Miracle Farm Speech Therapy and Kidshine Occupational Therapy are excited to team up once again to bring you RUNAMUCK & SHINE at our shared Amesbury location! This small group program will combine the creative and social language-based activities of Miracle Farm Speech Therapy with the movement, strengthening and sensory-integration based activities of KidSHINE OT and will be offered 1x/ week for 8 weeks at our Amesbury office. Therapeutically driven activities are designed by our SLPs and OTs, and this program is a great way to provide children the opportunity for in person, therapeutic skill building and social learning in a safe, supportive, small group setting. RUNAMUCK & SHINE will be staffed with a licensed speech pathologist and a licensed occupational therapist. Each week we will focus on a new thematic unit that ties into the season or learning experience.

Location:

Miracle Farm Speech Therapy & KidSHINE OT
14 Cedar Street
Suite 107
Amesbury, MA

Hours:

Wednesdays 2:30-4 pm
