\_\_\_\_\_

If so, please state: \_\_\_\_\_

Please call or text directly if someone other than a parent or guardian will be picking up your child at the program. 603-918-1298

### Liability Release:

I understand that my child will be participating in outdoor activities, arts and crafts, and games during the summer program and speech therapy social camp, at Miracle Farm Speech Therapy at 105 Lafayette Rd., Hampton Falls, NH. I assume all risks of injuries arising from participation. I release, indemnify, and hold harmless Miracle Farm Therapy and its Associates and Miracle Farm from any claim, suit, demand, or action in connection with my child's participation in this program.

Given the ever-changing nature of the ongoing Covid-19 pandemic, this determination of the guidelines for small group speech therapy may change at any point during the summer.

- The camp day will include mostly outdoor activities. In the event of inclement weather, we will be having the camp indoors. We will utilize air purifiers when indoors.
- Miracle Farm Therapy will check in with the parents and do a general wellness check each morning at drop off.

- Miracle Farm Speech Therapy staff are also responsible for ensuring that they sanitize their own hands and equipment as needed. Children will be asked to apply hand sanitizer or wash hands upon arrival and throughout the program, as needed.
- Parents must immediately notify Joanne Hanson or any staff prior to the child's arrival, if any person in the immediate household has contracted or shows symptoms of Covid-19. Currently-known common symptoms of Covid-19 include fever, shortness of breath, cough, chills, and loss of taste and/or smell. In the event that a student or someone in the student's immediate household tests positive for Covid-19 or has any symptoms consistent with Covid-19, the child's services will be postponed until cleared by their pediatrician for return.

Even with all of these precautions in place, there is still a risk of transmission of Covid-19 to your child and your family members if you allow your child to attend the summer program. By allowing your child to participate, you acknowledge and accept this risk.

We look forward to a great summer! Go Muckers!

I have read and accept Miracle Farm Speech Therapy's Policy Statements.
