\$200 PER WEEK, PER CHILD
GROUP IS LIMITED TO 6 CHILDREN

WHAT IS THE SUMMER KIDS CLUB AT MIRACLE FARM SPEECH THERAPY?

The Summer Kids Club at Miracle Farm Speech Therapy is a summer program designed to provide children between the ages of 4 and 6 years of age with a fun, integrated, theme-based language experience. Our program will be run by a licensed and experienced SLP and staffed with SLP interns. Each week we will focus on a fun summer theme for immersion in learning and language.

The program will target sensory regulation, social skills, language, speech and communication, literacy, sign language, motor planning, attention, fine motor, gross motor, oral motor, turn taking, problem solving, and independent self-help skills.

The group will meet in our large indoor play space and will also include time outside on our playground and outdoor play space. Our daily schedule will include play, circle time, books, music, arts and crafts, gross motor and group games, and a snack.

The cost is \$200 per week, per child. We ask that you commit to the 5 week program as this is program has an emphasis on building friendships.

To Register or for more information, please call or email:
